About BBS – Bioactive Bone Substitutes

BBS-Bioactive Bone Substitutes Plc is a leading orthobiologic biotech company with origins in Finland. The company’s technology, Artebone[®], is a next generation bone substitute that targets treatment of bone defects and healing problems in extremities such as hands and ankles, scapula and pelvis. Its superior properties stem from the natural growth factors extracted from reindeer bone combined with scaffold-providing TCP (tricalciumphosphate) granules and has the potential of transforming orthopedic surgery. The first product, Artebone[®] ready-to-use paste, is complete and the application process for the CE-marking enabling commercialization is in progress. BBS’ Certified Adviser at Nasdaq First North Stockholm and Helsinki is Stockholm Certified Advisers AB, +46 70 5516 729, info@certifiedadviser.se. More information: www.bbs-artebone.fi.
