

## **BBS-Bioactive Bone Substitutes Plc: The whole patent regarding the product ARTEBONE® has been accepted in the USA**

09.11.2020

BBS-Bioactive Bone Substitutes Plc's patent application "A METHOD FOR PREPARING A BONE PROTEIN PREPARATION AND A BONE PROTEIN PREPARATION" has now been accepted in the USA. Earlier in spring (7.4.2020) we announced the acceptance of the same patent concerning the product.

Now the ARTEBONE® product and its unique component, bone protein extract, are protected by patents around all major market areas globally.

CEO Ilkka Kangasniemi:

"The USA is the most significant market of orthopaedic products. Thus, this news about the patent approval there both for the product and production is very remarkable for our company."

## **BBS – Bioactive Bone Substitutes Ltd**

*BBS-Bioactive Bone Substitutes Plc is a Finnish orthobiologic biotech company. We have developed a new product for healing of difficult bone fractures and for solving the problems in bone healing. Our mission is to offer new generation medicinal products for the orthopedic surgery. The research and development in the field of medicine requires perseverance and courage to develop new things. We have over 20 years of expertise in this. Our operations are characterised by top expertise, innovativeness and dedicated and committed employees. The first product, ARTEBONE® paste, is ready and the application process for the CE-marking enabling commercialization is in progress.*
